

**Requires EQ ID****Systems requiring an EQ ID**

System, BAS  
 System, Chemical Treatment  
 System, Clock and Bells  
 System, Fire Alarm  
 System, Gas Detection  
 System, Industrial Waste System  
 System, Lightning Protection  
 System, Rain Water Harvesting  
 System, Solar Generation or Water  
 System, Sprinkler System (water, pre-action, suppression)  
 System, Telescoping Bleachers  
 System, Water Treatment: RO, DI  
 System, Water: Any non-potable closed loop system  
 System, Water: Non-potable other than primary chilled water

**Components requiring an EQ ID**

Air Compressor  
 Air Curtain  
 Air Handler: Fan Coil, DX, Chilled Water, Furnace, Package, CRAC  
 Air Separator  
 Anchor Points: Related To Personal Fall Protection  
 Bleachers: Telescoping, Fixed  
 Boiler  
 Breakers, electrical: drawout  
 Chiller  
 Chill Beam  
 Coils  
 Compressed Air Dryer  
 Condensate Receiver Station  
 Controller: Lights, Outlets, dimming, theater, window/shading, bird deterrent  
 Cranes and Hoists  
 Dampers: Outside, Return, Relief, Smoke, Fire  
 Deaerator  
 Dehumidifier: Remote or not part of Air Handler Assembly  
 Doors: Electrically Actuated/Powered  
 Doors: Fire-rated  
 Doors: Overhead  
 Drinking Fountain  
 Dryer Station: instrument Air, Compressed  
 Elevators/Escalators  
 Emergency Eye Wash / Shower  
 Equipment: Anything Connected to an Exhaust System  
 Equipment: Autoclave, Environmental Chambers, cage washer  
 Evaporative Cooler  
 Fan: Exhaust, Supply, Return, Booster, cold or hot deck assembly  
 Filter, any filtration device  
 Fume Hood (incl. Canopy, Snorkels, chemical, Radiological, Bio-Safety Cabinet)  
 Generator  
 Grease Trap  
 Heat Exchanger: Plate/Frame, Shell/Tube  
 Heat Trace  
 Heater, Unit: Direct Fired, Water, or Electric  
 Heater, Water: Electric, Gas  
 Humidifier: Remote or not part of Air Handler Assembly

Lifts: Stage, Material, Dumb-Waiter  
Lights: Emergency battery packs, ballasts  
Mixing Lateral  
Motor  
Motor Control Center  
Panel, Radiant: Heating or Cooling  
Panels, Electrical Distribution: 277/480, 208/120 volt  
Plumbing: gas, med-gas  
Pump: All Types  
Radiator  
Refrigerators/Freezers  
Rod, grounding  
Roof: All Types  
Sensors: CO2, Humidity, Dew Point, Air flow  
Signs, Exit  
Solar Panels  
Steam Trap  
Structure, Specialty: Greenhouse, fuel storage  
Switch, auto transfer  
Terminal devices: VAV, Mixing, Mixing Lateral, All Types.  
Tower, Cooling  
Transformer, Electrical  
UPS: Battery, Generator, All Types  
Valve, check valves, double check  
Valve, check: Backflow Preventer: RPZ  
Valve, Steam safety, relief (Building level)  
Valve: Building Isolation  
VFD  
Wheel, heat

Filename	Title	Revision Date	Document Owner	Summary of Changes	Status
EQ ID List_02-26-2015.xlsx	Equipment ID List	3/17/2015	FOM Engineering, Tech, Support	Original Release	Released
EQ ID List_03-09-2015	Equipment ID List	3/9/2015	FOM Engineering, Tech, Support	Original Release	Released
EQ ID List_09-01-2015	Equipment ID List	9/1/2015	FOM Engineering, Tech, Support	added air flow sensors to the line "Sensors: ... "	Released
EQ ID List_08-31-2016	Equipment ID List	8/31/2016	FOM Engineering, Tech, Support	added chill beam, mixing lateral	Released
